CASP PRE-APPLICATION INCLUDING ON-SITE MEETING

A Critical Areas Stewardship Plan (CASP) pre-application is part of the permitting process to reduce a buffer associated with a wetland or a fish and wildlife habitat conservation area. This includes an on-site meeting at the property. JCC 18.40.090(2)

Process

1. Submit an application for a pre-application conference with the required items below.
2. Once submitted, staff will be assigned to the case, and they will coordinate with you on potential meeting dates.
3. Discuss project at meeting with all required departments. If necessary meeting will be held on site.
4. Receive written report from Jefferson County on process to move forward with project.
5. Submit all required applications for project; once approvals are issued, start project!

Required Submittal Items	
	Pre-Application Conference Application
	Conceptual Design plan – see pg. 2
	Permit Fees based on departments requested/required to attend for project type
	List of everybody who will be involved in the meeting and/or project
	Attach any special reports already completed for the project/parcel

The Jefferson County Code (JCC) 18.40.090 & 18.25.640: When Required. Pre-application conferences are required for all Type II, Type III, Type IV and Type V project applications and Type I project applications proposing impervious surfaces of 10,000 square feet or more and/or non-single-family structures of 5,000 square feet or more. Additionally, pre-application conferences are required for industrial, commercial, and critical area stewardship plan applications. The administrator may exercise discretion not to require a pre-application conference if the administrator determines that the conference information is self-evident, already transmitted, or would not add value to the subsequent application. Pre-application conferences for all other types of applications are optional, and requests for conferences will be considered by the administrator on a time-available basis. The consultation includes preliminary review and administrative assistance. This service does not include extensive field inspection or correspondence. Pre-application consultation does not limit subsequent administrative review.

At the conference, Department of Community Development personnel shall provide the applicant with:

1. A list of the requirements for a completed application;
2. A general summary of the procedures to be used to process the application;
3. The references to relevant code provisions or development standards that may apply to the approval of the application; and
4. A list of any applicable hourly review fees that may be charged by one or more County agencies upon the filing of a project permit application with the County.

Discussions at the conference or the information provided by the staff shall not bind or prohibit the County’s future application or enforcement of all applicable laws and regulations. No statements or assurances made by County representatives shall in any way relieve the applicant of their duty to submit an application consistent with all relevant requirements of County, state and federal codes, laws, regulations and land use plans.

Application Directions

1. Please answer all questions on this form completely.
2. Attach one sketch of the **Conceptual Design** plan for the proposed use or activity, showing the following information:
 - a. Vicinity sketch;
 - b. North arrow and scale;
 - c. Property boundaries and identification of land uses on adjacent properties;
 - d. Means of ingress and egress;
 - e. Property/lot drainage;
 - f. Possible locations of sewage disposal and water supply systems;
 - g. Location of utility easements; and
 - h. Proposed location of buildings, including setbacks to property boundaries.
3. Attach payment of the applicable fee, as set forth in the Jefferson County Fee Ordinance.
4. It is encouraged that the applicant have the project biologist present at the meeting.

Project Description (attach additional pages if necessary)

Standard Disclosure

Information provided to a prospective applicant during the pre-application consultation is based on County regulations in effect at the time of the pre-application consultation. Revised or new County regulations could affect a future development application. A pre-application consultation does not vest a future development application.

By signing the application form, the applicant/owner attests that the information provided herein is true and correct to the best of their knowledge. I also certify that this application is being made with the full knowledge and consent of all owners of the affected property. Any material falsehood or any omission of a material fact made by the applicant/owner with respect to this application packet may result in this permit being null and void.

I further agree to save, indemnify and hold harmless Jefferson County against all liabilities, judgments, court costs, reasonable attorney’s fees and expenses which may in any way accrue against Jefferson County as a result of or in consequence of the granting of this permit.

I further agree to provide access and right of entry to Jefferson County and its employees, representatives or agents for the sole purpose of application review and any required later inspections. This right of entry shall expire when the County (through the Administrator or the Administrator’s representatives) concludes the application has complied with all applicable laws and regulations. Access and right of entry to the applicant’s property shall be requested and shall occur only during regular business hours.
