

Septic System Inspection Rebate Program

What is the Rebate Program?

\$150 rebate for your septic systems first Monitoring Inspection **AND** \$100 rebate for installation of risers, lids, and/or effluent filter.

Funded By:

This project has been funded wholly or in part by the United States Environmental Protection Agency (EPA) under assistance agreement PC-01J18001 through the Washington State Department of Health (WSDOH).

The contents of this document do not necessarily reflect the view and policies of the EPA or the WSDOH.

Who Qualifies?

Single family residences in Jefferson County whose septic system was installed prior to 2007 are eligible.

Why would I need this?

- Regular inspections help prevent septic system failures.
- Risers and lids make the septic system easier to inspect later. That means protecting public health and improving water quality for everyone.

How does this work?

To qualify and receive your rebate you must:

- Have a private residence in Jefferson County
- Have a system that was installed prior to 2007
- Have an inspection or installation of risers, lids, and/or effluent filter done by a Certified/Licensed provider (list available online or you can call the Health Department).
- Pay for the services. Keep your receipt or paid invoice. Rebate will not exceed invoice/receipt.
- Submit the application with documentation of the work done to the Health Department.
- **Work must be done after July 1, 2019**
