Worksheet L
Large Projects

Large Projects subject to Minimum Requirements #1
-9 must complete Worksheet A1 as applicable. Also complete Worksheet B1.

Does the project meet feasibility criteria for full dispersion (see Worksheet C1)?

Yes

No Further action needed. Demonstrate full dispersion on site plan.

No

Is the project in the Urban Growth Area?

Yes

No

Use List #3 on Worksheet A1 page 6. No further action is needed.

Is the project on a parcel 5 acres or larger?

Yes

The report prepared by the engineer must demonstrate compliance with the LID Performance Standard and all minimum requirements.

No

For each surface consider the BMPs in the order listed in List #1 page 5 in Worksheet A1, except, raingardens may not be used. This process is equivalent to List #2 in the 2012 Department of Ecology Stormwater Management Manual for Western Washington as amended in 2014.
